
You can find GTA IV fix and download links to all the working ones in this blog post! *I'm not writing the post and haven't played it. I just looked for a guide that might help someone searching for something like this* With all the recent updates to GTA V, GTA IV is starting to show its age. But you don't have to miss out on Liberty City because of it! These links point you to sites where you can download a torrent, crack, or other file that will let you play your favorite game again. Update: If you already own GTA IV, you can now download the "The Complete Edition" of the game on Steam for free. This includes both GTA IV and its expansion, The Lost and Damned. Here's how to get it: Once you download your game, make sure to go into the "Properties" of the .exe file and check "Enable Steam Community In-Game" so that you can talk to friends who play online. Below is a list of a few widely-used torrents for getting GTA IV onto your computer quickly and easily. Any of these will do, but I suggest you choose based on the file size and seed rate. 1 - Game of the Year Edition by DANGEROUS Size: 4.39GB | Seed: 2,488 2 - Original DVD ISO by Gigapeta Size: 7.95GB | Seed: 1,179 3 - Blu-Ray ISO by Kickass Torrents Size: 8.20GB | Seed: 973 4 - DVD ISO by Vidpek Size: 3.29GB | Seed: 5,049

If you can't open .rar files, use a free rar extractor, such as WinRAR! Download it here. If you can't join any of the GTA Online sessions, follow the instructions here to get your B.O.M.B. code starting GTA Online! 2 of the most popular sites that require ActiveX/Net components are no longer used anymore since the use of Flash is discouraged by Adobe for security reasons on Windows XP SP3 users. However, if you are on Windows Vista or Windows 7, below are some solutions to bypass this issue: We have received several emails stating that following our instruction on how to update your browser with Flash removed is not working for them. This is due to some websites not accepting requests from Flash only browsers, specifically Internet Explorer v10+, Firefox v12+ and Safari v5+.
