Es normal que todas las parejas sufran crisis, pero lo importante es tener los recursos necesarios para superarlas. Porque cuando permanecemos atrapados en esa situación, los conflictos y la confusión son inevitables.

En esta obra, el autor analiza las «pasiones» más frecuentes de la pareja:

- Las emociones explosivas
- El engaño y la infidelidad
- La sexualidad tóxica
- La competitividad
- La descalificación

Y, al mismo tiempo, nos ofrece las herramientas más eficaces para repensar y activar los recursos que están en nuestro interior.

Bernardo Stamateas acaba con varios mitos de la idealización romántica de la pareja y brinda ejemplos y estrategias para que podamos distinguir el amor que nos alimenta del que nos intoxica y destruye.
